Dear Reeve and Council:

RE: Rescinding of Precautionary Drinking Water Advisory

This letter is to advise that the Water Security Agency (WSA) in consultation with the Saskatchewan Health Authority – North Battleford has by way of this letter rescinded the Precautionary Drinking Water Advisory (PDWA) issued to **Hamlet of Evergreen Acres** Waterworks effective October 10th, 2018. This advisory has been rescinded after two consecutive sets of two samples obtained from the distribution system have returned acceptable results and the system has been flushed.

I would advise the RM to issue immediate notice to the public of the rescinding of the advisory. Further, the RM may return to its regular sampling intervals. If a positive sample is realized upon immediate return to regular sampling submission, the Water Security Agency may if believed necessary consider the issuance of a new PDWA.

Thank you for your cooperation in this regard. For further information please do not hesitate to contact the undersigned at 446-7683.

Sincerely,
